Principal's Report Term 2

New Playground Update – was just about finished but a great deal of damage was done as a result of the weather on the weekend. The contractor is back this week and hopes to have everything ready for 17th June.

Sally Harrison was in to speak with parents. Not many parents came but a number of Kindergarten 2017 parents stayed to listen to Sally and were very impressed with what she had to say.

Enrolments: We have had 44 Kindergarten enrolment interviews so far. I would like to have at least 50 students start. Of those 44 there will probably be at least 3/4 who will not take up the enrolment offer. Letters will be sent out early next term as per the custom with the Coast schools.

We do have a number of enrolment enquiries for other grades for 2017 as well.

School Advisory Group: it is a Government requirement that all schools by 2017 have an Advisory Group established. As a school we need to look at a suitable model for St Patrick's.

Maintenance Update: The CSO has sent personnel to look at a 10 year plan for the needs of St Patrick's. Although this has been completed the final report has not been made available as yet. I will keep everyone updated about this.

Child Protection and Confidentiality/ Induction for Parent Volunteers: I am proposing a new structure for 2017. All parent volunteers to the school attend once a year a child protection update and induction. These will be held at the beginning of each year for existing parents and at the end of the year for new kinder parents. A register of names will be kept at the office.

Technology Update:

Cost of purchasing new technology for the school

39 Chrome Books -

36 Laptops -

28 Ipads for classes -

18 Ipads for teachers -

Electronic Sign -

Parish will contribute \$4000 towards this so that Parish Information can also be included

PA System – I have asked CSO to assist with the cost of this.
